

Meeting Notes w/Cordelia 12-6-05

Reason

- Through integration collaboration CPSP can be enhanced

CPSP

- Working with providers that are already doing a good job
- Let's explore the possibility of training the CPHW's with a group from our HBLC
- Enhancing the CPHW's already in existence in SPA 3
- We need to express to CPHW's the importance of their job. And let them know that this can be a stepping stone for their careers.

CPSP Curriculum

- Let's look at the curriculum to see how we can enhance or improve it.
- Train the trainer
- We need to teach the rationale for doing prenatal care.

Joanne Roberts

- We need to contact Joanne after we decide on a workplan to see how we can partner with CPSP to make changes in SPA 3

Next Steps

- Get a copy of the CPHW training from Thelma (Steps to take Guidelines)
- Review the CPSP training manual, and see how we can enhance it

Data Collection

- Pre-test/post-test
- Survey a sample of pregnant women/patients
- Beliefs, attitudes, and behavior of CPHW's
- Evaluate client knowledge & perception of support

HealthNet and CPSP have formed a partnership. They have developed a new curriculum-They need a group to approve it.
